Wed 19th June - Year 4 Class Mass

Sun 23rd June - First Holy Communion 10:30am

Tues 2nd July - Reports go home

WE'RE KICKING GOALS THIS TERM

Dear Parents,

The students have started off this term with great enthusiasm, which is lucky because it is such a busy term. We've settled in very well, and have done a lot of learning over the past 6 weeks. We can't wait for the next 4 weeks full of fun and lots of learning.

English -

We have just completed our final poem for our poem portfolios. Next we are moving on to writing research reports. We will be presenting our research in the form of a speech. This will be our early practice for the TREE talks.

Art -

In Art we will be continuing to explore the use of line, colour and shapes within a piece of art.

Health -

In Health, we have been exploring the different ways we can help ourselves remain safe. We are now learning about drugs like caffeine and medicine, and how these are used and how to be safe using them.

Maths -

In Maths, we are covering several different concepts, explained below:

WRITTEN SUBTRACTION STRATEGIES -

Explore and choose appropriate written subtraction strategies such as the split strategy and vertical subtraction to solve subtraction problems.

ANGLES

Explore common angle types and describe them in relation to a right angle.

AREA

Estimate, measure and compare areas using square centimetres and square metres.

NUMBER PATTERNS

Explore, complete and identify rules for number patterns and identify multiples of given numbers.

Digital Technologies -

Through digital technologies we have been learning about different peripheral devices. We are going to use this to lead into looking at the instructions computers receive to make them perform an action. We will create our own code sequences.

If you would like to contact me about anything please feel free:

teagan.dallimore@cewa.edu.au

History -

In History, we will be continuing to look at different explorers, and researching information about their lives.

Homework -

Please continue to monitor your child's homework, and encourage these homework booklets to be returned on Friday's.

Assessment Books -

Please return these once you have had a look through your child's assessments.

Religious Education -

For the rest of the term we will be learning ways in which we can live like Jesus did to become closer to God. We will also be continuing learning about the Eucharist in the lead up to First Holy Communion.
